## **WASTE MANAGEMENT POLICY**

### **INTRODUCTION**

Vijay Memorial College of Education Barsu (Bagla) realizes sustainable and holistic waste management essential in providing a safe and healthy work environment for teaching and non-teaching employees, students, and visitors.

The college has a duty to ensure that all the campus wastes are disposed of responsibly by using proper waste management mechanism at the source and if possible, converting it into value added environment friendly product. The purpose of the policy is to facilitate implementation of the action plan brought out in "National Environment Policy 2006" on management aspects of hazardous waste including their minimization, environmentally sound management and active promotion of transfer and use of cleaner technologies.

### **POLICY STATEMENT**

The college will adopt the principles of the 'best practicable environmental option by prevention of waste, preparing for reuse and recycling in the delivery of its waste management services. The college requires all the teaching and non-teaching staff, students, guests and anyone else making use of the premises to comply with this Policy.

### **POLICY OBJECTIVES**

Create awareness among staff and students regarding the sources of waste generation and ways in which this can be prevented.

Adopting 3 R Policy – Reduce, Reuse and Recycle in the campus.

Waste management should be a responsibility and duty of each individual.

To give adequate training for faculty, resident, staff, students and other stakeholders on waste management issues.

To develop a comprehensive approach of waste management in the campus.

To increase the aesthetic beauty of the campus and thereby reducing the tendency of waste disposal.

To maintain the campus green and eco-friendly.

### **ORGANISATION AND MANAGEMENT**

The responsibilities and organizational arrangements for this Waste Management Policy lie with a variety of personnel within the university.

### **SOLID WASTE MANAGEMENT**

Solid wastes are the major part of wastes found inside the campus. The effective environmental friendly disposals of such wastes are done mainly by solid waste collection, separation, sanitary landfill, incineration, composting etc. There shall have separate bins for degradable and non-degradable items outside the classrooms. Waste from various rooms shall be collected in the waste segregation centre and scrutinized for segregation. The segregated wastes are disposed in an ecofriendly manner. Food wastes are avoided up to the limit and if there any the students and faculties are requested to bring it back to home and dispose it properly.

#### LIQUID WASTE MANAGEMENT

Liquid waste generated in the wash areas (bath rooms, toilets) shall be passed through drains to absorb into the earth midway through the college ground.
